

GLOBAL SEMINARS SUMMER 2018

In order to fulfill the specified ERC general education requirement, students must take these specified Global Summer courses while abroad during Summer. Please see ERC Academic Advising Office if you have any questions.
 Regional Specialization requires at least two upper-division courses.
 One course can satisfy one GE requirement, (e.g., CSE 4GS cannot count for both regional specialization and quantitative formal skills).
 For more information on the Global Seminars program, visit globalseminar.ucsd.edu
