

STUDYING ABROAD AND ERC GE'S!

ERC ACADEMIC ADVISING:

vac.ucsd.edu • (858) 534-9864 • roosevelt.ucsd.edu
ERC Administration Building, 3rd Floor
M - F : 8am - 12pm & 1pm - 4:30pm

EXPLORE ERC GE REQUIREMENTS

Completing your ERC GEs abroad is a great way to keep progress towards graduation. There are a lot of flexible options to choose from!

Click here to find viable/comparable courses to take abroad that fit ERC GE requirements

Or go to roosevelt.ucsd.edu > Academics > General Education

Remember that courses taken abroad must be 4 quarter units or more

Look into taking MMW 14 and MMW 15 through a Global Seminar

The UD Global Seminar course that is paired with MMW can be used to complete one of the 3 Regional Specialization GE courses

ACADEMIC PLANNING FORM

This can be found on the study abroad website and will help you with pre-planning before you go abroad.

You should report any/all classes you hope to take abroad

This is a planning form. Your course choices/options may change once you get there, so you can use the VAC for assistance while abroad.

Meet with your major(s) and minor(s) departments for review and signatures, THEN visit ERC Advising for review

Remember: Department/College signatures do not guarantee that courses will be applied towards requirements

WELCOME BACK! - PETITIONING

This is different from the Academic Planning Form.

*You must **PETITION** for the official approval of courses to count towards specific requirements.*

Click here to download the form and attach the course description and syllabus (one course per form)

Submit to the relevant *office(s) based on the requirements you are trying to satisfy

Takes 1-2 weeks to process for ERC GE petitions

*major requirements = major department
minor requirements = minor department
ERC requirements = ERC Academic Advising

ERC SCHOLARSHIPS

Finances can feel like a huge barrier for those wanting to study abroad.

To help alleviate this, ERC offers Study Abroad Scholarships ranging from \$500 and \$1,000.

Any ERC student in good academic standing is eligible to apply!

What is considered:

- Experience's relation to academic program, performance, and goals?
- Does it provide educational experiences you otherwise might not have?
- How much impact does financial need have on your ability to study abroad?
- Will you effectively share your experience upon returning to ERC?

There are two rounds of applications for specific quarters of study abroad

Click here to check the ERC website for specifics!
